Dear Don:

I recently visited our fire station located at 3120 North 102nd Street on routine department business. I want you to know that the design of this facility has proved to be quite functional for the intended use of 24-hour manned emergency fire and rescue response. We both realize that our limited budget did not allow us to integrate everything we wanted into this building, but nevertheless you were still able to provide us a design that continues to meet our current and future needs. It was a pleasure working with you and your staff in this project and perhaps we will be able to work together again in the future.

Sincerely,

Don Brunken
Fire Chief
Omaha Fire Division
