To Whom it May Concern,

Midwest Laboratories Inc has used the services of Prochaska & Associates in our various laboratory projects. We have found them to be easy to work with. Their expertise enables a top rate finished product that continues to meet our specifications. In addition, the cost of the various projects has always been reasonable.

We will continue to use the architectural services of the Prochaska group and will continue to recommend them to other businesses. Please contact John DeBoer or myself if you have any further questions.

Respectfully,

Kennard Pohlman
President/CEO
